

AIMCON 2023

Advanced Integrative Modern Medicine Conference
Annual Conference of Medical Education and Research Foundation (MERF)

27th - 28th May, 2023; Bettiah

(Including Workshop in ACLS-BLS at GMCH)

**Integrating Different
Specialities of Medicine
for Comprehensive Patient Care**

Workshop on
BLS & ACLS

Venue : Bettiah, West Champaran, Bihar

Collaborators : Indian Medical Association & Govt. Medical College, Bettiah

Dear Colleagues,

Integrating modern system of medicine has evolved as the need in the recent time for optimal patient care. Though modern medicine is divided in numerous specialties and subspecialties; but an ailment does not differentiate among these division of specialties or subspecialties. A medical problem seeks comprehensive and timely care whether that is reported in a primary care or in an advanced care set up. The Academic council of AIMCON23 feels proud to organize a conference of it's kind where all the care providers meet together, exchange their knowledge and wisdom for optimal patient care in the Advanced Integrated Modern Medicine Conference 2023. Myself, on behalf all the members of the academic council welcome all the faculties and delegates across the country to be a part of this medical festival of learning and growing together.

We look forward to host all of you in Bettiah to make it a purposeful and memorable experience.

Welcome!

Dr Gunjan K Bhagwat
